

## 11(b) Importance of Grammar in Effective Communication

| S.No. | Importance                               | Explanation                                                                  | Example                                                                                                                                                      |
|-------|------------------------------------------|------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.    | Makes Communication Clear                | Grammar helps us express our thoughts in a clear way.                        | <p>✗ Going college I tomorrow.</p> <p>✓ I am going to college tomorrow.</p>                                                                                  |
| 2.    | Avoids Misunderstanding                  | Incorrect grammar can change the meaning and create confusion.               | <p>✗ Let's eat, students.</p> <p>✓ Let's eat students.</p>                                                                                                   |
| 3.    | Helps Express Ideas Properly             | Grammar helps organize our ideas using correct words and sentence structure. | <p>✓ She completed the project successfully.</p>                                                                                                             |
| 4.    | Improves Speaking Skills                 | Good grammar helps us speak correct sentences confidently.                   | <p>✗ Yesterday I go market.</p> <p>✓ Yesterday I went to the market.</p>                                                                                     |
| 5.    | Improves Writing Skills                  | Grammar is essential for all types of writing.                               | <p>✗ The students was present in the class.</p> <p>✓ The students were present in the class.</p>                                                             |
| 6.    | Helps in Using Correct Tenses            | Tenses help us show when an action happens.                                  | <p><b>Present:</b> She works in Chennai.</p> <p><b>Past:</b> She worked in Chennai.</p> <p><b>Future:</b> She will work in Chennai.</p>                      |
| 7.    | Creates a Good Impression                | Correct grammar shows that a person is knowledgeable and professional.       | <p>✗ I am having good knowledge in Java.</p> <p>✓ I have good knowledge of Java.</p>                                                                         |
| 8.    | Builds Confidence                        | Good grammar reduces the fear of making mistakes.                            | Helps to speak and write without fear in interviews and presentations.                                                                                       |
| 9.    | Useful in Education                      | Important for exams, assignments, presentations, seminars and projects.      | A grammatically correct answer is easier to understand and evaluate.                                                                                         |
| 10.   | Important in Professional Communication  | Required for writing emails, reports, notices and official documents.        | <p>✗ Meeting postponed tomorrow due to manager not available.</p> <p>✓ The meeting has been postponed until tomorrow because the manager is unavailable.</p> |
| 11.   | Helps in Effective Listening and Reading | Grammar helps us understand what others say or write.                        | She had completed the work before the manager arrived.                                                                                                       |
| 12.   | Improves Vocabulary Usage                | Grammar helps us use vocabulary words correctly.                             | <p>✓ She is interested in music.</p> <p>✗ She is interested on music.</p>                                                                                    |
| 13.   | Helps in Competitive Examinations        | Grammar is an important part of many competitive exams.                      | <p>Each of the students ____ present.</p> <p>a) are   b) were   c) is   d) have</p> <p><b>Answer:</b> c) is</p>                                              |

## Part B

### 10 (a) i) Differentiate Synonyms and Antonyms with Examples

| Synonyms                                                                                                                                                                                                           | Antonyms                                                                                                                                                                                         |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Synonyms are words with the <b>same or similar meaning</b> .                                                                                                                                                       | Antonyms are words with <b>opposite meanings</b> .                                                                                                                                               |
| They are used to express a similar idea in different words.                                                                                                                                                        | They are used to show contrast or opposite ideas.                                                                                                                                                |
| They help to avoid repetition.                                                                                                                                                                                     | They help to compare opposite ideas.                                                                                                                                                             |
| <b>Examples</b><br>Happy – Joyful<br>Big – Large<br>Begin – Start<br>Quick – Fast<br>Brave – Courageous<br>Difficult – Hard<br>Beautiful – Attractive<br>Intelligent – Clever<br>Rich – Wealthy<br>Angry – Furious | <b>Examples</b><br>Happy – Sad<br>Big – Small<br>Begin – End<br>Quick – Slow<br>Brave – Cowardly<br>Difficult – Easy<br>Beautiful – Ugly<br>Intelligent – Foolish<br>Rich – Poor<br>Angry – Calm |

### Importance in Vocabulary

| Synonyms                    | Antonyms                    |
|-----------------------------|-----------------------------|
| Improve vocabulary          | Improve vocabulary          |
| Make writing interesting    | Show differences clearly    |
| Avoid repetition            | Help in comparison          |
| Useful in competitive exams | Useful in competitive exams |

## Use in Communication

- ❖ Using synonyms makes speaking and writing more interesting and avoids repeating the same word many times.
- ❖ Using antonyms helps us compare two different or opposite ideas.

## Use in Competitive Exams

- ❖ Synonyms and antonyms are commonly asked in competitive examinations. Questions may ask us to choose the word with a similar meaning or the word with an opposite meaning.

## 10(ii) Importance of Idioms and Phrases in Improving Communication Skills

| Importance                         | Explanation                                                                      |
|------------------------------------|----------------------------------------------------------------------------------|
| 1. Makes communication interesting | Idioms make our speaking and writing more interesting and lively.                |
| 2. Expresses ideas clearly         | They can express a large idea in a few words.                                    |
| 3. Improves vocabulary             | Learning idioms and phrases helps us learn new words and expressions.            |
| 4. Makes speech natural            | Using common idioms helps us speak English in a more natural way.                |
| 5. Helps understand others         | Knowing idioms helps us understand conversations, books, newspapers, and movies. |
| 6. Shows fluency                   | Correct use of idioms shows better knowledge and fluency in English.             |
| 7. Useful in writing               | Idioms can make essays, letters, speeches, and other writing more effective.     |

## Examples

| Idiom / Phrase           | Meaning                           |
